To whom it may concern:

Reference for Stephen Knight

Employed from: 17/2/98 to 25/6/99

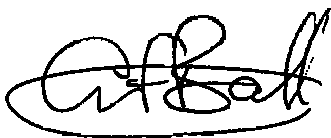

Stephen joined our company in February 1998 as a Data Communications Specialist covering on-site and supporting our warehouses.

Stephen worked well within a team environment or alone and unsupervised. His work was of a high standard and always completed to time. Stephen has extensive knowledge of NT, Netware, Lotus Notes and Firefox Nov*ix, again all of a high standard. If Stephen were needed to work late or out of hours, this he always did.

His timekeeping and attendance were very good, and his appearance was always smart and presentable. Stephen has a nice personality and was a popular and polite member of staff.

We have no hesitation in recommending Stephen to you, and wish Stephen every success in the future.

Yours faithfully

Gordon Ball
National Info Center Manager
